MEMORANDUM FOR: Chief, Information Requirements Staff

ATTENTION :

[REDACTED]

SUBJECT :

Evaluation of [REDACTED] Photography
(Non-Denied Areas)

1. The Imagery Exploitation Group, NPIC, has reviewed and evaluated the [REDACTED] imagery. In terms of Center needs, this material is deemed to be of value.

2. The scale, resolution, coverage, and good to excellent interpretability of the material you sent to me has enabled us to update the NPIC target data base. Six new targets were found in Pakistan. Also, the status of four airfields in Iran plus two airfields and a military barracks in Pakistan were updated.

3. The [REDACTED] IPIR cables normally received by NPIC from the 480th RTG at Langley Air Force Base, Virginia, do not always include coverage of NPIC targets or the related order of battle.

4. In order to maintain complete and up-to-date information on all targets of concern to the Center, receipt of imagery from each [REDACTED] mission is desirable. I have asked [REDACTED] of our Requirements and Analysis Division to be in touch with you to make the necessary arrangements for receipt of these materials.
